2006 SPRING IEEE Conference on Technologies For Homeland Security

Wednesday and Thursday June 7-9, 2006
John A. Volpe National Transportation Systems Center
Cambridge Massachusetts, USA

About the Conference

The sixth in the series of IEEE Conferences on Technologies for Homeland Security, organized by the Homeland Security Committee of the IEEE Boston Section, will continue to blend state-of-the-art science and advanced technology development with operational expertise and requirements to enhance the security and efficiency of transportation systems. The Conference's goal is to foster the development and the successful operational deployment of innovative solutions for secure and efficient transportation operations. The specific focus is on the application of advanced sensors for screening personnel, baggage and cargo for WMD materials, components and other contraband materials and objects. The conference will feature:

- over 46 scientific and technical papers and poster presentations on advanced sensors for screening personnel, baggage and cargo for WMD materials, components and other contraband materials and objects,
- business panel on how to do business with the government and large system integrators.

The Institute of Electronic and Electrical Engineers (IEEE), Massachusetts Port Authority (Massport), and the Volpe National Transportation Systems Center (The Volpe Center) are primary organizers for this event.

Attendees

Attendees include technology innovators, industry professionals, government officials, system integrators and business development professionals involved with the transportation sector of homeland security marketplace.

Format and Speakers

The format for this event will be a one-day conference with a second day devoted to special workshops/special sessions. The program includes government and industry keynote speakers, concurrent technical and business panels, and networking opportunities. Guest Speakers include:

- Jane Alexander, Assistant Director, Homeland Security Advanced Research Projects Agency {Invited}
- Daniel J. Mehan, Chief Information Officer, Federal Aviation Administration {Invited}
- Dennis Treece, Corporate Director of Security, Massport
- Edward Badolato, VP, The Shaw Group, Former Deputy Secretary, DOE Global Security
- Ranch Kimbal, Secretary of Economic Development, Commonwealth of Massachusetts
- General Philip Stowal (Ret.) {Invited}

Workshops/Special Sessions:

- Joe Smith, Senior VP Applied Research Associates
- Public Transportation Security & Emergency Command and Control
- Emergency Power & Emergency Communications
- Grand Challenge Problem Workshop -- Sponsored by MASSPORT
- Education Programs to Support Critical Infrastructure Protection -- Organized by National Infrastructure Institute, Center for Infrastructure Expertise
- Special Session on Integration and Interoperability of Nat'l Security Information Systems Organized by Prof. Robert Mathews with:
 - Brenton Greene
 - Dr. William Harris
 - Dr. Anita Jones (INVITED)
 - Dr. Simon Ramo
 - Dr. Leo L. Beranek (INVITED)
 - Dr. Gene Amdahl
 - Paul Baran (Invited)
 - Dr. John H. Gibbons, (INVITED)
 - Lionel Skipworth Johns (INVITED)
 - Maj. Gen. John T (Tom) Sheriden (INVITED)
 - Dr. Douglas C. Engelbart

Exhibition

This year's IEEE conference will have an exhibition of products and services

Registration

Registration Fee Schedule	Register by May 26, 2006		Register after May 26, 2005	
	Member	Non-member	Member	Non-member
Conference Fee	\$125	\$155	\$145	\$185
Special Session	\$95	\$110	\$125	\$150
Workshop 2	\$35	\$45	\$70	\$90
Workshop 3	\$35	\$45	\$70	\$90
Workshop 4	\$35	\$45	\$70	\$90

NOTES:
1. There is no Workshop 1
2. You can register [here](#).
3. Cancellation policy is found [here](#).

Contact Information

For more information on the conference please contact Robert Alongi at r.alongi@ieee.org or 781-245-5405. For more information about exhibits and sponsorships, please contact Fausto Molinet, e-mail: f.e.molinet@ieee.org
